

## **Instructions on Accessing Conquest Risk Aversion Index**

### *To Gain Access on Bloomberg:*

For access to the Conquest Risk Aversion Index, you will need to send over your UUID from your Bloomberg terminal. To locate your UUID, type IAM <GO> and you will find the UUID number on the top right corner of the page. Once we receive your UUID, we will be able to enable your access.

### *To Access Once Enabled:*

Once access is provided you can search for the daily and monthly Conquest Risk Aversion Index by typing CONQRAD Index <GO> for daily index and CONGRAM Index <GO> for the monthly index.
